My Dear Sir. Enclosed find Photo, actual size, silver, of one of the rarest coins. It is not in the British Museum. or is there one in the U.S. except this.

A few years ago there was a large collection that filled 3 large Vol. "calalogue" disposed of at Auction in London.

they did not have is listed. If you know of any one that would like to add this rare Gem. to their collection advise me. My price is $1800.00 net Far less than it is worth.

Yours respt
